OBJECTIVE

Computer Science student seeking an OJT/internship opportunity to gain hands-on experience in computing systems, software development, and data-driven technologies. Interested in contributing to real-world projects while exploring areas such as software engineering, systems analysis, databases, artificial intelligence, and IT support. Motivated to develop technical, analytical, and problem-solving skills in a professional environment.

TECHNICAL SKILLS

Programming Languages:

Python, Java, C++, TypeScript, SQL

Core CS Concepts:

Object-Oriented Programming (OOP), Data Structures & Algorithms, Software Development Lifecycle (SDLC), Debugging, System Design Fundamentals

Web & Software Development:

HTML, CSS, React, Responsive Design, API Integration

Tools & Platforms:

Git, GitHub, VS Code, Figma

PROJECT EXPERIENCE

Hi-Lite Studio: Web Application (Frontend Developer)

React, TypeScript (Vite), Supabase, Tailwind CSS, shadcn/ui, OpenAI API

- Built the frontend interface for a web application used for portfolio management, client booking, and admin workflows
- Developed responsive UI components using Tailwind CSS and shadcn/ui

USAD AI Traffic System: Commission Project (Developer)

Computer Vision, AI Systems, System Logic Design

- Contributed to development of an AI-based traffic management system
- Assisted in designing system logic for traffic flow optimization and decision-making
- Worked on components related to intelligent, data-driven transportation solutions

EHCo - Audio Compression System: C++ Academic Project

Adaptive Huffman Coding, DCT, Run-Length Encoding

- Contributed to development an audio compression system using hybrid compression techniques
 - Implemented Adaptive Huffman Coding for efficient encoding
 - Applied DCT and RLE to optimize compression performance and audio quality
-

EDUCATION

University of Science and Technology of Southern Philippines

Bachelor of Science in Computer Science - 3rd Year

2023 - Present

Liceo de Cagayan University

Senior High School - STEM Strand

2021 - 2023 | High Honors

SOFT SKILLS

Problem-Solving | Critical Thinking | Communication | Team Collaboration | Time Management | Adaptability | Fast Learning | Attention to Detail | Initiative

LANGUAGES

Bisaya (Native) | English (Proficient) | Tagalog (Proficient)
